TRUMBULL COUNTY ENGINEER
APPLICATION FOR SPECIAL HAULING PERMIT
Issued in accordance with Section 4513.34 of the Ohio Revised Code.

LIMITATIONS ON THE USE OF A SPECIAL HAULING PERMIT

1. The granting of a permit does not guarantee that the load described can be moved without damage to the pavement or structures; although the permit is granted on the assumption that the load can be moved without damage based on the best information available.
2. Permittee will be held liable for any damage caused by the movement. The County assumes no responsibility for damage to the applicant's equipment or load being moved due to any such failure. The applicant agrees to compensate the County for any damage to a roadway or road structure and also to hold the County and Trumbull County Engineer harmless from all claims, damages or proceedings of any kind and from all responsibility for personal injury or property damages (public or private) caused directly or indirectly as a result of the transportation of said vehicle(s) or object(s).
3. The permit shall be in the possession of the driver at all times during the progress of transportation and will be shown on demand to any police officer, state highway patrolman, or employee of the county highway or state highway department.
4. **This permit shall not constitute permission to travel upon county owned and maintained bridges which have been "load posted" with a lower rating than the calculated Ohio Legal Load limit of the applicant's vehicle.**
5. The permission granted restricts the movement of the vehicle(s) or object(s) to the highways specified, between the points designated, and within the time allotted.
6. No vehicle(s) or object(s) being transported under special highway permit shall be left parked on the roadway either day or night except in case of an emergency, in which case adequate protection shall be provided for the traveling public. The vehicle(s) shall not be loaded or unloaded within the limits of the highway.
7. The operator of the vehicle must comply with all laws, rules, or regulations covering the movement of traffic over highways and streets and those governing commercial motor vehicle operations in accordance with all federal, state and local laws.
8. Loads having extremely large dimensions shall require additional protective measures when necessary for the safeguarding of other traffic. Due regard shall be taken of traffic in both directions and every possible effort shall be made to prevent traffic congestion. One or more flagmen or a pilot car may be required.
9. Non-compliance with the general or special provisions of a permit, exceeding the weights or dimensions granted, or operating on dates or upon highways other than assigned shall render the permit null and void and the operator of the vehicle subject to arrest, as provided in Sections 5577.02 to 5577.05 inclusive of the Revised Code of Ohio.
10. Overweight permitted vehicles hauling steel/aluminum coils do not have any travel hour or day restrictions.
11. This permit is void at any time that road, weather or traffic conditions make travel unsafe as determined by local, state or federal law enforcement.
12. This permit does not grant the authority to use state owned and maintained bridges on county roads. If the applicant requires the use of state owned and maintained bridges on county roads for travel, an additional permit is required from the Ohio Department of Transportation.
13. Trumbull County shall be named as additional insured of the applicant's liability insurance. Applicant shall provide the County with a certified copy of the policy declarations.
14. The applicant shall provide Trumbull County with all copies of its ODOT permits.

TRUMBULL COUNTY ENGINEER
APPLICATION FOR SPECIAL HAULING PERMIT
Issued in accordance with Section 4513.34 of the Ohio Revised Code.

SPECIAL HAULING PERMITS TYPES AND FEE SCHEDULE
