PRE-ORDER Fish for Pick-up FRIDAY, September 25, 2026, 1:30 – 2:30 pm

ORDER DEADLINE: WEDNESDAY, September 16, 2026.

PICK-UP LOCATION: at the Mosquito Lake Parking Lot on McCleary Jacoby Road adjacent to Hillside Cemetery;
GPS Coordinates: 41°19'47.65" N 80°44'30.07" W

Important Reminders:

- Bring suitable containers with heavy duty plastic liners (**example: 5-gallon bucket with a 30-gallon heavy duty unscented trash bag**); **NO SCENTED BAGS; THE BAGS ARE NECESSARY TO HOLD OXYGEN TO KEEP THE FISH ALIVE DURING TRANSPORT. Do not use a lid (it can create holes in the bag); use something like twine to tie the bag if needed**
- **Fill each container approximately 1/3 full with water from the pond that you plan on stocking the fish; NO WELL OR TAP WATER.**
- General guidance: one container per 100 small fish, one container per 1,000 minnows; if white amurs or koi are ordered, plan no more than 4 amur or 4-5 koi per 5- gallon container.
- **Fish should be taken directly to the pond after pick-up and placed into the pond** (if your liner/bag is black or dark colored, please turn it inside out to ensure you have gotten all of the fish into the pond).
- **All Sales Are Final with no guarantee of fish survival.**
- Payment can be made by cash, check, or money order and must be paid when order is submitted by the deadline of September 16th.

I'm stocking white amur (grass carp) to help control aquatic vegetation:

White Amur Stocking Recommendations	
% of Submerged Plants in Pond	# of Amurs Beneficial PER ACRE of Pond
0-20%	0-2
20-40%	5
40-60%	10
