2022 MENU OF SERVICES

Professional Development Center (PDC)

Job Placement Welcome Center:

Description: The PDC Job Placement Welcome Center provides a walk-in environment for all job seekers to come and be connected to job opportunities, enroll in vocational training, and/or explore career pathways opening up in our region.

Walk-ins welcome: Monday – Friday from 9:00am – 4:00pm. (Closed on holidays)

Vocational Training and Direct Employment:

Description: The PDC is a vocational school that provides accelerated training courses and customized employment training that equips adults with the skills and certifications that employers want.

Current Courses: Basic & Advanced Welding, State Tested Nurse's Aide (STNA), Chemical Dependency Counselor Assistance (CDCA), and LPN, RN, and Commercial Driver's License (CDL) with partner schools.

Customized Employment Training: Safety, Behavior in the Workplace, Tow Motor, and more. Case Managers help you overcome any barriers you may have and improve your marketability to employers.

Job Developers help you find the right job with our Mahoning Valley Partnership for Employment (MVPE) employer partners.

Workshops and Pre-Employment Trainings: resume development, professional conduct, expungement, job search and interview skills.

Support Services are available to help individuals complete training and retain employment. PDC is approved by the Ohio Board of Career Colleges and Schools. (Reg.#11-03-1963T).

High School Equivalency Preparation: (formerly GED)

Description: Students receive classroom instruction with an instructor and a customized learning plan through our online GED Academy study tool. Please call to register.

Purpose Class:

Description: This motivational class helps individuals discover their God-given purpose and what steps to take to fulfill it. It provides cognitive thinking skills for individuals seeking to overcome life barriers and achieve their goals. Please call to register.

2022 MENU OF SERVICES

Alcohol & Drug Treatment: (Medicaid accepted)

Services Offered: IOP, Non-Intensive Group, Case Management, Peer Support

Description: Flying HIGH Inc.'s alcohol and drug treatment program supports the individual as a whole and addresses the mental, emotional, spiritual, and physical aspects of recovery. Our clinical team assists and motivates individuals to achieve abstinence, wellness, and recovery by providing structured treatment services in line with the patient's needs. We meet individuals where they are, support them through their recovery process, and empower their long-term sobriety through innovative treatment services.

Flying HIGH Inc. is committed to providing new, innovative, and cutting-edge treatment options. We are excited to offer our Nutritionally Assisted Treatment program, also known as NAT, which offers a weekly educational group as well as individualized consultation and follow-up with a naturopathic doctor. This is an integrated program pairing additional recovery-based services with nutritional education and treatment, assisting recovery individuals discover both the benefits of correcting biochemical imbalances and addressing digestive issues that may be hindering recovery. *Please call to register.*

Recovery Housing:

Eagle's Nest Recovery House

Description: Provides residential housing for males who are in the process of recovery from alcohol and other drugs and in need of a sober living environment to achieve their life goals. The Eagle's Nest is accredited by Ohio Recovery Housing. *Please call to discuss eligibility*

Access Healthy Food Mahoning Valley / GROW Urban Farm:

Description: AHFMV and GROW are social enterprises of Flying HIGH Inc. They contribute locally grown food to the Mahoning Valley by providing fresh produce and other essentials to food desert areas. Please call us for more information on our products and price list.

GROW (*Gaining Real Opportunities for Work*) also provides job readiness training for returning citizens and others through the **Working Towards Your Future (WTYF)** program. WTYF helps individuals gain real work experience to eliminate employment barriers and improve education related issues.
